WELCOME to a year of possibility and success, both in school and out! The middle school years are a time of significant learning, growth, and development for 6th, 7th and 8th graders. It is also a critical time for our young people to be exposed to and explore new skills and interests while enhancing the skills and interests they already have.

WHY OUT-OF-SCHOOL TIME (OST)?

Out-of-school time (OST) experiences have a huge impact on the success of our middle school youth now and in the future. Participation in structured and quality OST experiences provides new experiences in supervised, safe, and supportive settings, and has the potential to increase engagement in school while developing important skills.

WHAT DOES THE MIDDLE SCHOOL NETWORK (MSN) DO?

MSN works with youth, families, teachers and school staff, and OST providers to help make sure *ALL* middle school youth, families, and the adults in their lives:

- Understand the importance of OST engagement
- Are aware of and able to access the many choices available to them

MSN is part of the Agenda for Children's OST Initiative, which is a partnership between Cambridge Public Schools, the city's Department of Human Service Programs, and the larger community of Cambridge youth-serving and OST providers.

Where did this Resource Guide come from?

This Resource Guide contains many opportunities available to *ALL*Cambridge 6th – 8th graders, and is compiled and published by the Cambridge Agenda for Children's Middle School Network (MSN).

WHAT DOES IT MEAN FOR AN OST PROVIDER TO BE A "MEMBER" OF THE MIDDLE SCHOOL NETWORK?

MSN members agree to criteria that includes: sharing of practices and resources, sharing and using data, coordinating services and promoting the Network to respond to the needs and interest of youth, and a commitment to ongoing professional development and quality improvement.

MSN is not responsible for the administration of any of the opportunities listed in this Guide and strives for accuracy in all of the information provided.

Please contact <u>CambridgeMSN@gmail.com</u> with questions, comments, corrections or additions.

CONSIDERATIONS WHEN CHOOSING OST OPPORTUNITIES

As you look through the guide, think about:

PROGRAM TYPE:

What sort of program interests you? Do you want a program that has only one focus, such as a sports or arts opportunity, or are you looking for something that offers a variety of experiences?

DAYS OF THE WEEK:

Some opportunities listed in this guide are available every weekday, others only occur once or twice a week or on weekends. What days are you looking for something to do?

START AND END TIMES:

Some opportunities begin right after school, and others begin later in the evening. End times of programs vary as well. Weekend opportunities also start and end at different times. What time are you looking to fill?

COST:

Some opportunities in this guide are free, others charge by session, or by class. Some even provide a stipend (you get paid when you complete the experience), and many provide scholarship money. How much can your family pay?

LOCATION:

Opportunities are listed in this guide by neighborhood, and most are open to youth from across the city unless otherwise noted. Do you need an opportunity that is within walking distance of your home or do you have access to transportation?

When you have found one or more opportunities that interest you, there are some things this Guide may not tell you. Some details to consider gathering more information about include:

THE ACTIVITIES AND SPACE:

- Will the program help you learn a new skill, or build on one you already have?
- Do you get to make choices about what you do?
- Do you feel comfortable, safe and respected in the space?
- Do you have friends who attend this program?

THE STAFF:

- Are the staff friendly, caring and excited to meet you?
- Does the staff encourage feedback from families and youth?
- Is the staff passionate about the middle school youth and their opportunity?

JOINING THE PROGRAM:

- Is there an enrollment deadline?
- Is there an application process?
- Are scholarships or financial assistance available?

Please Note:

- 1. The information in this Guide is subject to change for the most current and accurate information, please contact each program/opportunity directly.
- 2. Opportunities are listed by neighborhood, but most are available to youth throughout Cambridge.

Key to Symbols:

Program is a member of the Middle School Network

= Program operates all weekdays, Monday - Friday

= Program is FREE to participate

Information subject to change! Please contact each listing for current information!
